Dear Mr. Evers,

This is the Partial Initial Agency Decision (IAD) from Office of the Secretary, U.S. Dept. of Veterans Affairs (OSVA) to your Freedom of Information Act (FOIA) request dated and received on October 17, 2018, and assigned FOIA tracking number **19-00615-F**. You requested:

1. "All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant):
 - Robert Wilkie
 - Jacquelyn Hayes-Byrd
2. All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant):
 - David Shulkin
 - Peter O'Rourke
 - Thayer Verschoor
 - Anyone who has served as White House Liaison since January 20, 2017."

December 20, 2018, Beginning of Reasonable Searches

OSVA initiated its search for responsive records on December 20, 2018. Records that OSVA created after our search cut-off date, December 20, 2018, are not considered within the scope of your FOIA request. FOIA does not obligate agencies to create records, but only to process records that already exist as of the cut-off date. LaRoche v. SEC, 289 F. App'x 231, 231 (9th Cir. 2008) (explaining that agency was not required to create new documents to satisfy FOIA request); Poll v. U.S. Office of Special Counsel, No. 99-4021, 2000 WL 14422, at *5 n.2 (10th Cir. Jan. 10, 2000) (recognizing that FOIA does not require agency "to create documents or opinions in response to an individual's request for information" (quoting Hudgins v. IRS, 620 F. Supp. 19, 21 (D.D.C. 1985)); Sorrells v. United States, No. 97-5586, 1998 WL 58080, at *1 (6th Cir. Feb. 6, 1998) (advising that agency is not required to compile document that "contain[s] a full, legible signature"); Krohn v. DOJ, 628 F.2d 195, 197-98 (D.C. Cir. 1980) (finding that agency "cannot be compelled to create the [intermediary records] necessary to produce" information sought); *Citizen's Guide on Using FOIA*, U.S. House Oversight & Gov't Reform Comm. §V.B, pp. 6 (Sept. 2012), <https://oversight.house.gov/wp-content/uploads/2012/09/Citizens-Guide-on-Using-FOIA.2012.pdf> ("Please be advised an agency is not obligated to create a new record to comply with a request").

On December 20, 2018, the OSVA FOIA Officer requested that the OSVA Executive Assistant provide all responsive records in her possession. OSVA used the search date timeframe of April 1, 2018 (when Wilkie became Acting VA Secretary), to December 20, 2018, our search cut-off date. On December 20, 2018, the OSVA FOIA Officer received two hundred sixty-four (264) pages of responsive records.

VA still intends to process the calendar entries of Jacquelyn Hayes-Byrd, Peter O'Rourke, Thayer Verschoor, the White House Liaison since January 20, 2017, and David Shulkin from November 16, 2017, to March 28, 2018.

Partial IAD

For past FOIA requests, OSVA previously processed and released redacted calendar entries of David Shulkin from February 14, 2017 (when Shulkin became VA Secretary), to November 16, 2017 totaling two hundred seventy-six (276) pages. OSVA now re-releases to you these two hundred seventy-six (276) pages with previously applied redactions.

After reviewing the aforementioned two hundred sixty-four (264) pages of Secretary Wilkie's calendars, OSVA redacts information with FOIA Exemptions 5, 6, 7(C), and 7(E). 5 U.S.C. § 552(b)(5) exempts from disclosure "inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency." The government is entitled to redact confidential government information given "the sensitivity of the commercial secrets involved, and the harm that would be inflicted upon the Government by premature disclosure." Federal Open Market Committee v. Merrill, 443 U.S. 340, 363 (1979). Redacted information includes VA conference telephone numbers and codes. The release of this information would expose the VA, its employees, and its contractors to: potential intrusion, hacking, information technology security liabilities and risks, and unauthorized access to sensitive VA phone calls and meetings.

5 U.S.C. § 552(b)(6) exempts from required disclosure "personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." FOIA Exemption 6 permits VA to withhold a document or information within a document if disclosure of the information, either by itself or in conjunction with other information available to either the public or the FOIA requester, would result in an unwarranted invasion of an individual's personal privacy without contributing significantly to the public's understanding of the activities of the federal government. Specifically, the information being withheld, as indicated on the attached documents, under FOIA Exemption 6, consists of names, identities, job titles revealing identities, room numbers in secured government buildings, phone numbers, cellular numbers, facsimile numbers, personal conference telephone numbers and codes, and medical appointment details of: government employees, Congressional employees, military members, and private citizens. However, we release the names, VA email addresses, and VA phone numbers of VA Senior Executives. Government employees, Congressional employees, military members, and private citizens retain a significant privacy interest under certain circumstances, such as in instances where the release of their information could represent a threat to their well-being, harassment, or their ability to function within their sphere of employment. The government employees, Congressional employees, military members, and private citizens whose information is at issue have a substantial privacy interest in their personal information. In weighing the private versus the public interest, we find that there is no public interest in knowing the names, identities, job titles revealing identities, room numbers in secured government buildings, phone numbers, cellular numbers, facsimile numbers, personal conference telephone numbers and codes, and medical appointment details of: government employees, Congressional employees, military members, and private citizens. The coverage of FOIA Exemption 6 is absolute unless the FOIA requester can demonstrate a countervailing public interest in the requested information by demonstrating that the individual is in a position to provide the requested information to members of the general public and that the information requested contributes significantly to the public's understanding of the activities of the Federal government. Additionally, the requester must demonstrate how the public's need to understand the information significantly outweighs the privacy interest of the person to whom the

information pertains. Upon consideration of the records, I have not been able to identify a countervailing public interest of sufficient magnitude to outweigh the privacy interest of the individuals whose names are redacted. The protected information has been redacted and (b)(6) inserted. "Withholding a telephone number or e-mail address, alone, is not sufficient to protect that [privacy] interest; alternate means of contacting and harassing these employees would be readily discoverable on the Internet if this court ordered their names disclosed." Long v. Immigration & Customs Enf't, 2017 U.S. Dist. LEXIS 160719 (D.C. Cir. 2017).

5 U.S.C. § 552(b)(7)(C) exempts from required disclosure information law enforcement information the disclosure of which "could reasonably be expected to constitute an unwarranted invasion of personal privacy." Redacted information includes names, identities, job titles revealing identities, and phone numbers of: White House employees, VA police officers, and military members, some with security clearances who work on law enforcement or national security or defense matters. The release of this information would risk impersonation, targeting, or violence against the health and safety of: White House employees, VA police officers, military members, and those they are charged with protecting.

5 U.S.C. § 552(b)(7)(E) exempts from required disclosure information that "would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law." Redacted information includes the room numbers of White House employees, VA police officers, and military members in secured government buildings where the employees work and plan their law enforcement or defense operations. The release of this information would risk impersonation, targeting, or violence against the health and safety of: White House employees, VA police officers, military members, and those they are charged with protecting.

FOIA Request: 19-00615-F

Dear Mr. Evers,

This is the Second Partial Initial Agency Decision (IAD) from Office of the Secretary, U.S. Dept. of Veterans Affairs (OSVA) to your Freedom of Information Act (FOIA) request dated and received on October 17, 2018, and assigned FOIA tracking number **19-00615-F**. You requested:

1. "All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant):
 - Robert Wilkie
 - Jacquelyn Hayes-Byrd
2. All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant):
 - David Shulkin
 - Peter O'Rourke
 - Thayer Verschoor
 - Anyone who has served as White House Liaison since January 20, 2017."

December 20, 2018, Beginning of Reasonable Searches

OSVA initiated its search for responsive records on December 20, 2018. Records that OSVA created after our search cut-off date, December 20, 2018, are not considered within the scope of your FOIA request. FOIA does not obligate agencies to create records, but only to process records that already exist as of the cut-off date. LaRoche v. SEC, 289 F. App'x 231, 231 (9th Cir. 2008) (explaining that agency was not required to create new documents to satisfy FOIA request); Poll v. U.S. Office of Special Counsel, No. 99-4021, 2000 WL 14422, at *5 n.2 (10th Cir. Jan. 10, 2000) (recognizing that FOIA does not require agency "to create documents or opinions in response to an individual's request for information" (quoting Hudgins v. IRS, 620 F. Supp. 19, 21 (D.D.C. 1985)); Sorrells v. United States, No. 97-5586, 1998 WL 58080, at *1 (6th Cir. Feb. 6, 1998) (advising that agency is not required to compile document that "contain[s] a full, legible signature"); Krohn v. DOJ, 628 F.2d 195, 197-98 (D.C. Cir. 1980) (finding that agency "cannot be compelled to create the [intermediary records] necessary to produce" information sought); *Citizen's Guide on Using FOIA*, U.S. House Oversight & Gov't Reform Comm. §V.B, pp. 6 (Sept. 2012), <https://oversight.house.gov/wp-content/uploads/2012/09/Citizens-Guide-on-Using-FOIA.2012.pdf> ("Please be advised an agency is not obligated to create a new record to comply with a request").

Second Partial IAD

On December 20, 2018, our search cut-off date, the OSVA FOIA Officer requested that the OSVA Executive Assistant provide all responsive records in her possession. On December 20, 2018, the OSVA FOIA Officer received two hundred sixty-four (264) pages of Secretary Wilkie's

calendars, as well as one hundred thirty-two (132) pages of former Secretary Shulkin's calendars dated November 17, 2017, to March 28, 2018.

On April 1, 2019, OSVA released to you two hundred sixty-four (264) pages of Secretary Wilkie's calendars, as well as two hundred seventy-six (276) pages of former Secretary Shulkin's calendars dated February 14, 2017 (when he became VA Secretary), to November 16, 2017. OSVA now releases to you one hundred thirty-two (132) pages of former Secretary Shulkin's calendars dated November 17, 2017, to March 28, 2018.

After reviewing the one hundred thirty-two (132) pages, OSVA redacts some information with FOIA Exemptions 5, 6, 7(C), and 7(E). 5 U.S.C. § 552(b)(5) exempts from disclosure "inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency." The government is entitled to redact confidential government information given "the sensitivity of the commercial secrets involved, and the harm that would be inflicted upon the Government by premature disclosure." Federal Open Market Committee v. Merrill, 443 U.S. 340, 363 (1979). Redacted information includes VA conference telephone numbers and codes. The release of this information would expose the VA, its employees, and its contractors to: potential intrusion, hacking, information technology security liabilities and risks, and unauthorized access to sensitive VA phone calls and meetings.

5 U.S.C. § 552(b)(6) exempts from required disclosure "personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." FOIA Exemption 6 permits VA to withhold a document or information within a document if disclosure of the information, either by itself or in conjunction with other information available to either the public or the FOIA requester, would result in an unwarranted invasion of an individual's personal privacy without contributing significantly to the public's understanding of the activities of the federal government. Specifically, the information being withheld, as indicated on the enclosed documents, under FOIA Exemption 6, consists of names, identities, job titles revealing identities, room numbers, phone numbers, cellular numbers, facsimile numbers, conference phone numbers and codes, personal leave details, personal addresses and their distances to other places, and medical appointment details of: federal, White House, Congressional employees, private citizens including former Senators and Secretaries, and veteran patients. However, we release the names and official contact information of VA Senior Executives. Federal, White House, Congressional employees and private citizens retain a significant privacy interest under certain circumstances, such as in instances where the release of their information could represent a threat to their well-being, harassment, or their ability to function within their sphere of employment. The federal, White House, Congressional employees, private citizens, and veteran patients whose information is at issue have a substantial privacy interest in their personal information. In weighing the private versus the public interest, we find that there is no public interest in knowing names, identities, job titles revealing identities, room numbers, phone numbers, cellular numbers, facsimile numbers, conference phone numbers and codes, personal leave details, personal addresses and their distances to other places, and medical appointment details of: federal, White House, Congressional employees, private citizens including former Senators and Secretaries, and veteran patients. The coverage of FOIA Exemption 6 is absolute unless the FOIA requester can demonstrate a countervailing public interest in the requested information by demonstrating that the FOIA requester is in a position to provide the requested information to members of the general public, and that the information requested contributes significantly to the public's understanding of the activities of the Federal government. Additionally, the requester must demonstrate how the public's need to understand the information significantly outweighs the privacy interest of the person to whom the information pertains. Upon consideration of the

records, I have not been able to identify a countervailing public interest of sufficient magnitude to outweigh the privacy interest of the individuals whose names are redacted. The protected information has been redacted and (b)(6) inserted. "Withholding a telephone number or e-mail address, alone, is not sufficient to protect that [privacy] interest; alternate means of contacting and harassing these employees would be readily discoverable on the Internet if this court ordered their names disclosed." Long v. Immigration & Customs Enf't, 2017 U.S. Dist. LEXIS 160719 (D.C. Cir. 2017).

5 U.S.C. § 552(b)(7)(C) exempts from required disclosure information law enforcement information the disclosure of which "could reasonably be expected to constitute an unwarranted invasion of personal privacy." Redacted information includes of names, identities, job titles revealing identities, room numbers, phone numbers, cellular numbers, facsimile numbers, and personal leave details of: VA police officers, military members, or White House employees with security clearances working on national security or border security or defense matters. The release of this information would risk impersonation, targeting, or violence against the health and safety of: VA police officers, White House employees with security clearances, military members, and those they are charged with protecting.

5 U.S.C. § 552(b)(7)(E) exempts from required disclosure information that "would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law." Redacted information includes the room numbers of VA police officers, military members, and White House employees with security clearances in secured government buildings. Within these rooms are where those people work, gather, and plan their law enforcement or national security or border security or defense operations. The release of this information would risk impersonation, targeting, or violence against the health and safety of: VA police officers, White House employees with security clearances, military members, and those they are charged with protecting.

OSVA still plans to process and release, possibly redacted, the calendars of:

- 1) Peter O'Rourke from April 1, 2018 (when he became VA Acting Chief of Staff), to approximately December 11, 2018 (when he left VA employment);
- 2) Jacqueline Hayes-Byrd from April 1, 2018 (when she became VA Acting Deputy Chief of Staff), to approximately July 29, 2018 (when she left OSVA); and,
- 3) White House Liaison from January 20, 2017, to December 20, 2018.

April 1, 2019, Partial IAD

For past FOIA requests, OSVA previously released redacted calendars of David Shulkin from February 14, 2017 (when Shulkin became VA Secretary), to November 16, 2017 totaling two hundred seventy-six (276) pages. On April 1, 2019, OSVA re-released to you these two hundred seventy-six (276) pages with previously applied redactions.

On April 1, 2019, OSVA also released to you two hundred sixty-four (264) pages of Secretary Wilkie's calendars redacted with FOIA Exemptions 5, 6, 7(C), and 7(E).

FOIA Mediation

As part of the 2007 FOIA amendments, the Office of Government Information Services (OGIS) was created to offer mediation services to resolve disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. Using OGIS services does not
